## "PEOPLE'S TICKET IS OLD GANG;" 'CLEAN COURTHOUSE OF RING'

County and City Democratic Club Urges Members to Get Out and Work to Beat the Ticket Named Monday Night; Governor Ferguson and Congressman Smith Endorsed; Also Lea's Administration.

TOY, J. E. FERGUSON and conresuman W. B. Smith were inorsed by the El Pase County and City Democratic club at the meeting Friday night. At the same meeting an-Friday night. At the same meeting announcement was made of the selection
by the executive committee of J. F.
Lawren, city clerk, as rampaign manager for the ticket endorsed several
works ago by the organization.

The meeting was the most largely attended of any gathering of the club in
several weeks. References were made
in appendix to the opposition that is developing.

"Got to Beat Em." "Got to Heat 'Em."

President W. B. Ware called attennon to the proposed meeting of Monday
night for the purpose of nominating an
opposition ticket. "It makes no difference what they do," he said. "All we
have got to do is to best them, and
that is just what we propose to do."
He urged that hitterness be avoided and
arged that the campaign be conducted
on impersonal lines.

"I have been told," said Eugene La Harris, "that next Monday night the People's ticket will be launched. That ticket was about 1000 votes behind in the last city campaign. That is not the people's ticket. It is the same old gang, in starting out, the apposition will use the argument that this organization has tallen into a ring, but those intersted in this organization have the interests of the city and county at heart and are not in favor of making a ring organization of this citus.

Fight on Commissioners.

We are now entering upon a campaign with two tickets in the field. One is the old 'line' ticket. The other is the EP Paso County, and City Demogratic club ticket. The fight will content around what the county commissioners court and the city administration have done and have not done. The opposition cannot go into the meeting Monday night and censure the acts of the majority of the commissioners court without endersing the minority. They cannot criticise the majority members without endersing the minority. They cannot criticise the majority members without endersing the minority. They cannot criticise the majority members without endersing the minority. They cannot criticise the majority members without endersing the minority in the commissioners court will compare very favorably with that of mings Eylars court and those that minority is continued in the continued in the mency favorably with the money favorably with the money favorable with the court has been called upon to replace with the money they have in hand.

Clean Out Courtherse.

We minst not stop until every adverse. Fight on Commissioners.

An Ideal Homesite

Costs No More

Than The Ordinary Kind

A Real home should be built in a subur-

ban locality, away from the noise, heat

and crowded conditions of the down-

town portion of a city. In El Paso this

locality has proved to be Morning Side. Heights, the suburban district around

the Country Club, a district desirable

Its Restrictions

The fact that lime kilms, sand pits, slaughter houses, tents, tent houses, machine shops, manufactories and dairies are prohibited makes this the Ideal Homesite and

Praise Ferguson.

E. V. Brake spoke in behalf of the candidace of Gov. Ferguson to succeed himself, the declared that Gov. Ferguson is a real governor and that he is paving the way for prosperity in Texas. In support of this assertion he referred to the governor's advocacy of a banking system that will help the farmers of the state. He moved that Gov. Ferguson receive the endorsement of the club, and the motion was seconded by mayor Tous Les, who declared that the Ferguson administration has been good. He urged the endorsement also on the ground that west Texas should have a voice in public affairs in the state. The motion carried unanimously.

City Administration Good. Praise Ferguson.

City Administration Good,

A. P. Coles expressed himself as pleased at the action of the club. "Gov. Ferguson has given us a most excellent administration," he said, "and I desire to say also that our county administration could have been a whole lot worse, and our city administration has been yery groed. There is another man I would like to see endorsed. He is congression W. R. Smith. Congressions working for a brigade post for El Paso, working in behalf of the Elephant Butte project and our water problems that he has been unable to give any attention to his candidacy." A rising vote was called for any fibe vote was called for any fibe vote was unanimous.

Opposes Endorsement.

called for and the vote was manimous.

Opposes Endorsement.

Leigh Chark, candidate for district atterney, stated that friends had asked him to put Judgo W. C. Morrow, of Hillshore, candidate for associate justice, before the ciul for endorsement. The motion was seconded, but opposition developed to the action on the ground that the club would be getting into frouble in extending its endorseground that the club would be getting into frenisle in extending its endorsement. President Ware and Frank Judkins spoke against the action. "I deny that the club has any right to bind 4000 men to vote for indge Morrow. We will be out of our element in doing so. I am not going to vote for judge Morrow because I have pledged myself to vote for another."

Judge Clark withdrew his mution with the consent of A. P. Coles, who had seconded it.

## THREE GET HOMESTEADS IN THE CHIRICAHUA FOREST

THE CHIRICAHUA FOREST the meansy thrown away by previous courie in soliding roads that this court has been called dron to replace with the money they have in hand.

Clean Out Courthouse.

"We must not stop until every adherent of the old ring organization, every mother's son of them. has been cleaned out of the courthouse. And when the new means of he own will hold them accountable to their trust.

There is something rotten somewhere when the city has to go outside them accountable to their trust.

There is something rotten somewhere when the city has to go outside for another when the city has to go outside for another when the city has to go outside for another when the city has to go outside for going the solutions of haw whom means in affect have sworn to prosecute."

Dr. D. W. Detwiler Tells of the Effect of Associations on the Lads.

Dr. D. W. Detwiller has been for many years in close touch with the Young men's Christian association, and be-lieves the Association is rendering a work of unique value to the students in colleges, at a point very generally everlooked.

in colleges, at a point very generally overhooked.

"That college life proves the ruin of many a young man is, of course, recognized, but we do not all appreciate that it necessarily involves certain temptations we must systematically guard against, he said. "A few years ago a prominent citizen of Chicago was vigorously stirring the question of the worth of collegebred men to the community. As a contribution to this frequently recurring topic, itoward Elling, then president of the Chicago Association of Commerce, cast up a balance sheet of the college man's characteristics. It cannot be quoted in detail, but it furnishes an interesting analysis, and is mentioned here because it bears out by the voice of a preminent witness the conclusions of many careful observers; that whether ar not a college training is desirable, the process of getting it involves certain dangers and tendencies that may, and do, work out as weaknesses and handicant. work out as weaknesses and handl-

"The student life period from 15 to 55 is marked by at least the following

"It abounds in a number of physical temptations peculiar to building manihood.

"It is a period of religious doubt.

"There is prevalent a spirit of assumed superiority.

"The burden of responsibilities lies lightly.

"In respect to physical temptations referred to, it should be said that fills is not a problem peculiar to the college man. He shares it with all youngmen of his age, but it is a very real part of what any guide of college (or other) youth has to deal with. It is also true that the religious experience of many youngmen outside the college field finds the years mentioned a special storm and stress period but it must be afmitted that the challenging effect of many lines of thought taken up it college, and the widening and derecting of the thought life there, exponent the college man more than his fellow to unseither influences.

A Bungerous Period.

This very curichment of the mental outlook—this introduction to the distinguished men of all time—even as done through the medium of books and lectures—too often, unfortunately, produces an elatica of spirit, and worse—bir head. This is unduly prevalent on the college campus.

"One of the most difficult handicaps to overcome is that deadened, or lessened, sense of responsibility, which is an almost inevitable by-product of the removal of ablebodied and active-minded young persons from the turnoil and struggle of a work-aday world to the sheltered and privileged seduction of the academic circle. The world wasse on without them, why should they worry."

The Y. M. C. A. Answer.

on without them. Why should they worr?

The X. M. C. A. Answer.

"What answer has the Y. M. C. A. student department for these weaknesses which threaten to, and often do, sariously eripple the otherwise excellent product of our universities? The same answer that the Association has found for its work throughout—virile Christianity. A real spiritual life of prayer and communion as a bulwark against temptation. The thoughtful and sympathetic study of, and with the Great Teacher for those who see through a glass darkly. A counsel of humility for those who must learn that 'God hath chosen the foolish things of the world to confound the wise.' A course in stewardship to bring home the expectation that 'Unto whomsoever much is given, of him much shall be required." The Addition With the Location

## Thieves With Thirst Take 18 Quarts of Old Whisky

Hightoen quarts of whisky were stolen from Keevil's place at Stanton and Missouri street Friday night. The thieves with a thirst entered the place by outling the screen from a window and then opened the window.

An automobile tire was stolen from An automobile tire was stolen from the car of Frank Limavis Friday night. The car was standing at the corner of Second and St. Vrain streets when the robbery occurred. Burgiars entered the home of W. W. Bernett, at First and Hill streets, Friday night and stole three hats.

AMERICANS DRINK LARGE PART OF WORLD'S COFFEE

Washington, D. C. April 15.—The American people, long known as the world's chief coffee drinkers, actually consume 40 percent of the amount sold in the international markets, accord-ing to figures announced by the bureau ing to figures announced by the bureau of foreign and domestic commerce. More than 1,900,000,000 pounds of coffee came to this country last year. Germany is normally second, but the war out off her imports last year and made Franca second with receipts less than one-fourth as large as America's purchases. The entire United Kingdom consumes only one-thirty-fifth the amount of coffee drunk in the United States

The United States rathles third in tea drinking, with United Kingdom first and Russia second.

Coffee imports show that the approximate per capita consumption in the United States is ten pounds, tea seven pounds and cocoa one and two-thirds counds.

That new, black-"Barefoot" Rubber!

T took 47 years of Rubber-Manufacturing Experience to produce this wonderful new Goodrich Rubber. It took the best efforts of the largest, and ablest,

Research Department possessed by any Rubber Factory in America

to develop it. But,-it was worth all the time, effort, and skill, required to

develop it. Because, it has done for Goodrich Rubber what certain other marvellous Alloys have done for Steel and Bronze,—i. e., multiplied its EFFICIENCY for the purpose intended.

And, it has done this without increasing the cost of Goodrich

NE of its most valuable characteristics, for Tire (and Shoe) purposes, is its CLING quality-its tenacious grip on smooth and slippery surfaces.

Through that it gives its maximum Traction with a minimum of Friction. When you put on the Brakes to stop the Car, or throw in the Clutch to start the Car, the Tires made of this black "BAREFOOT" Rubber instead of grinding against the ground for Traction, CLING

to it, as your bare foot would cling to a slippery floor. That's why we've finally christened it, and trade-marked it, as "Barefoot" Rubber.

Get a sliver of it, from any Goodrich Branch or nearest Dealer. You'll find it stretch almost as much, and return to shape almost

as instantly, as a pure Rubber band.

Weigh a Goodrich "Barefoot" Tire of any size against the corresponding size of other makes of Tire, and you'll find it many pounds lighter, though many "Miles" stronger.

Drive it, and you'll find in Goodrich "Barefoot" Tires a liveliness, a quick response to power, a tenacity of traction,-and all this with a Mileage capacity which will surprise and delight you.

10年至中国中

WE developed this "Barefoot Rubber" primarily for use in our now famous "Silvertown Cord" Tire which, last year, showed such marvellous ENDURANCE on the Race Track, at over 100 Miles per hour.

But we now make it into Goodrich FABRIC Tires, -Goodrich Inner Tubes, -Goodrich Motor-Cycle Tires, -Goodrich Truck Tires, -Goodrich Bicycle Tires, -Goodrich Rubber Boots, Overshoes, Soles

and Heels, as well as into Silvertown Cord Tires.

Because,—in all of these its characteristics of "Cling,—Spring,—Stretch,—Strength,—and Lightness" are first requisites.

Now, compare GOODRICH Fair-List prices with prices you are quoted for same size Tires of other Brands, that have not the wonder-

ful Resilience and Cling-quality of this new black "Barefoot" Rubber, which can be had in no other Tires than those made by-
